# III: ZDHC Formulator Roadshow

ZDHC Formulator Roadshow è una serie di eventi co-organizzati da ZDHC e dai Formulatori Firmatari ZDHC/Formulatori ad Alte Prestazioni. Attraverso questi eventi, i formulatori mirano a supportare i loro clienti a valle mediante:

- Promozione di prodotti chimici conformi a ZDHC MRSL: aiutare i clienti a valle ad acquisire una comprensione più approfondita dei loro prodotti chimici conformi a ZDHC MRSL, che possono anche incorporare ulteriori elementi sostenibili, come caratteristiche per il risparmio idrico e la riduzione delle emissioni di carbonio.
- Fornire alternative e soluzioni per problemi comuni: offrire alternative e tecnologie ai fornitori per affrontare fallimenti frequentemente riscontrati nei test delle acque reflue, come prodotti privi di D4/D5/D6, privi di DMFa, privi di PFAS, privi di APEO, privi di metalli pesanti o privi di PCA, ecc.
- Condivisione di conoscenze e competenze professionali: fornire approfondimenti di esperti e linee guida pratiche sulle sfide comuni nella gestione chimica sostenibile, come l'introduzione delle SDS (Schede di Sicurezza) e la dimostrazione di come utilizzare le SDS per migliorare le pratiche di gestione chimica a livello manifatturiero.

ZDHC Formulator Roadshow funge da piattaforma per lo scambio di conoscenze, favorendo la collaborazione e supportando la catena del valore nell'avanzamento della gestione chimica sostenibile.
